21 July 2020

SUBJECT: ROHS & REACH European directives

ENM Company and its suppliers are compliant to any current ROHS/ROHS2/ROHS3 and REACH Directives.

We have many part numbers and over the years the amount of work required to change all the part numbers to designate as ROHS & REACH approved part would be expensive and cumbersome.

Therefore, ENM has chosen to make this notice our official certification stating our compliance.

This certificate can be included in shipments when requested by our customers.

Note: The certificate will not automatically be issued unless requested.

If there are any questions, please contact us.

Respectfully,

Quoc Nguyen
